Date you expect to enroll at Temple: _____

I wish to enroll in the Dual Admissions Program with Temple University. This program allows me to be admitted into Temple University after meeting certain conditions, and completing my associate degree from NCC. I understand that I must complete and return the Dual Admissions Information Form the semester before I am ready to transfer by the required deadline. I understand that Temple University will waive my application fee. I understand that a minimum 2.3 cumulative GPA is required for Dual Admission into Temple (and a 3.3 or higher GPA for scholarship). I authorize NCC and Temple to exchange information, as needed, including the information on this form, and academic transcript data, in order to facilitate my transfer under this agreement. I understand that it is my responsibility to apply for graduation at NCC and that in order to maintain my Dual Admissions status, I must enroll at Temple within one year of my graduation and cannot attend another institution of higher learning before I enroll at Temple.
