

Emergency Medical Technician (EMT) Fall 2024 Fowler Evening Program

This intermediate-level, skills oriented course involves extensive hands-on training in the assessment and treatment of the sick and injured for emergency services personnel. Training includes EMS operations, airway management, BLS/CPR, medical and traumatic emergencies, lifting and moving patients, incident management, and more.

Get the Northampton Advantage When You Enroll in our EMT Course

- High NREMT cognitive exam pass rate. Students who have successfully completed our program in the previous 12 months have a 100% first attempt pass rate compared to 66% PA Statewide and 67% Nationwide pass rates.
- Dedicated instructors with over 100 years combined EMS experience.
- State of the art equipment and simulation manikins to ensure skill competency.
- Affiliation with St. Luke's Emergency Transport Services EMT Apprenticeship Program.
- Opportunity to apply your training (six credits) towards the completion of the Emergency Services Administration AAS degree.

Requirements for Enrollment

This course has multiple requirements that need to be completed before the first day of class. Please see the reverse side of this flyer for details.
