****IMPORTANT BACKGROUND CHECK REVIEW PROCESS INFORMATION****

A Pennsylvania State Police Criminal History Report, FBI Criminal History Record Report, and/or Pennsylvania Child Abuse History Clearance must be completed by all Health Professions students by the deadline noted within this Acceptance Checklist in order to comply with clinical facility requirements. Acceptance is considered conditional until the criminal background check requirement is met. The timeline is established to allow adequate time for the Health Professions Review Committee to review the report and make a recommendation to the Program Director regarding full acceptance into the program. Acceptance will be rescinded if the documents are not received by the deadline.

Students with three (3) reports reflecting "no record" (no convictions) can consider themselves fully accepted.

If there is a positive record, entry into clinical education will be dependent on the decision of the Health Professions Review Committee after the **background clearances, including the RAP sheet,** together with a written, detailed explanation are uploaded to myRecordTracker[®] (See Section B). Upon receipt of the statement and clearances, the Health Professions Review Committee will review the reports and make a recommendation to the Program Director regarding the student's acceptance into the program. Students will be notified of their status within three (3) days of the committee's review. The student may appeal the decision in writing to the Vice President for Academic Affairs (VPAA) within five (5) working days of notification receipt. The decision of the VPAA is final. The records related to the criminal background process for students will be secured in the Dean's office.

Clinical agencies have the right to deny access to any student with a criminal record based on that site's own criteria. In the event that a student is denied clinical placement based on their criminal record, their acceptance will be rescinded.

If you have a positive background, contact Tony Moore at <u>tmoore@northampton.edu</u> to receive instructions for obtaining the FBI and Child Abuse clearances.

If you have a positive background, check, a letter with the information described below must be uploaded to myRecordTracker[®], along with your background check results, providing further information on the convictions and non-convictions that appeared on your record. It is important for us to gain as much information as possible about these charges to fairly evaluate your acceptance into the program. To that end, we request that you submit, in writing to the Program Director, the following information:

- 1. Date of conviction
- 2. Exact location
- 3. Offense(s)
- 4. How did you plead?
- 5. What was the outcome/sentencing?
- 6. Are you still on probation?
- 7. Provide details surrounding the offense(s) with your version of what happened.

In addition to your written statement, please provide all documentation you may possess that relates to the above record(s). Inability to comply with this request may result in dismissal from the program.

Should you have any questions, please contact Tony Moore, Director of Funeral Service Education at <u>tmoore@northamtpon.edu</u> or 610-861-5576.

OSHA INFOSHEET

Respirator Medical Evaluation Questionnaire

Respirators must be used in workplaces in which employees are exposed to hazardous airborne contaminants. When respiratory protection is required employers must have a respirator protection program as specified in OSHA's Respiratory Protection standard (29 CFR 1910.134). Before wearing a respirator, workers must first be medically evaluated using the mandatory medical questionnaire or an equivalent method. To facilitate these medical evaluations, this INFOSHEET includes the mandatory medical questionnaire to be used for these evaluations.

Medical Evaluation and Questionnaire Requirements

The requirements of the medical evaluation and for using the questionnaire are provided below:

- The employer must identify a physician or other licensed health care professional (PLHCP) to perform all medical evaluations using the medical questionnaire in Appendix C of the Respiratory Protection standard or a medical examination that obtains the same information. (See Paragraph (e)(2)(i).)
- The medical evaluation must obtain the information requested in Sections 1 and 2, Part A of Appendix C. The questions in Part B of Appendix C may be added at the discretion of the health care professional. (See Paragraph (e)(2)(ii).)
- The employer must ensure that a followup medical examination is provided for any employee who gives a positive response to any question among questions 1 through 8 in Part A Section 2, of Appendix C, or whose initial medical examination demonstrates the need for a follow-up medical examination. The employer must provide the employee with an opportunity to discuss the questionnaire and examination results with the PLHCP. (See Paragraph (e)(3)(i).)
- The medical questionnaire and examinations must be administered confidentially during the employee's normal working hours or at a time and place convenient to the employee and in a manner that ensures that he or she understands its content. The employer must not review the employee's responses, and the questionnaire must be provided directly to the PLHCP. (See Paragraph (e)(4)(i).)

Excerpt from Appendix C of 29 CFR 1910.134: OSHA Respirator Medical Evaluation Questionnaire

To the employer: Answers to questions in Section 1, and to question 9 in Section 2 of Part A, do not require a medical examination.

To the employee: Your employer must allow you to answer this questionnaire during normal working hours, or at a time and place that is convenient to you. To maintain your confidentiality, your employer or supervisor must not look at or review your answers, and your employer must tell you how to deliver or send this questionnaire to the health care professional who will review it.

Once filled out, this form must be given to the PLHCP. This form should not be submitted to OSHA.
